CTC Union Technologies, a leading designer and manufacturer of telecommunications, data communications and industrial grade networking products, is pleased to announce that we will be attending SPS 2019 in Nuremberg, Germany, from November 26 - 28, 2019. (Hall 5 Booth No. 264).

CTC Union will have some demonstrations of new products and provide more details about our Ethernet switches using in **factory automation solutions** at the show. It will include **Industrial 10G Managed Core switch, 4G LTE Router, slim designed and waterproof M12 EN50155 Ethernet Switch, Industrial PoE++ Switch & Injector, Synchronous Ethernet Switch, Binary Transducer, and Industrial O/E Media Converter**. With a heavy focus on reliability, certifications and new standards, this proactive thinking will allow CTC Union to continue developing solutions for today and tomorrow's markets.

CTC Union invites you to take part in SPS 2019 and welcome to stop by our booth during the trade show to meet our representatives. We will provide you with solutions and have a chance to discuss with you any of your ongoing projects. Please don't hesitate to arrange your appointment by E-mail at sales@ctcu.com.

For more information please contact us soon. We look forward to meeting you at the show!
