

TAIWAN — Taoyuan Metro (Airport MRT)

Taoyuan Metro, opened to the public on 2017, offers a rapid and reliable transportation for local commuters and travelers to travel between Taipei, New Taipei, Taoyuan Airport and Taoyuan city. With providing pleasant on-board experiences to passengers in mind, Taoyuan metro has continuously searched for advanced technologies to provide connected services on board such as passenger information system, CCTV surveillance system, internet connections, broadcasting system and so on.....[\(more\)](#)

New Products

Industrial Managed GbE PoE Switch

IGS-1608SM-16PH

16x GbE RJ45 + 8x 100/1000Base SFP with 16x PoE (400W, 48VDC)

IGS-1608SM-16PH is a managed, industrial grade, L2 Gigabit PoE (Power over Ethernet) switch that provides 16x 10/100/1000Base-T ports plus 8x 100/1000Base-X SFP ports with 16x PoE Ports. The PoE features enable power and data to be transferred via a single cable, thereby considerably reducing cabling and electrical wiring expenses.

NEW

Key Features

- Supports IEEE 1588 PTP V2
- Supports u-Ring, ERPS, MSTP, RSTP, STP for redundant cabling
- Auto checking and auto reset when PoE PD fail
- EN50121-4, UL60950-1, EN60950-1, EN62368-1, NEMA-TS2, EN61000-6-2, EN61000-6-4, CE, FCC certified
- 4KV surge protection for PoE, RJ45 and SFP ports

[Datasheet](#)

Industrial GbE PoE Switch

IGS-800C-8PH

8x GbE RJ45 with 8x PoE, Compact Size (240W, 48VDC)

NEW

Key Features

- EN50121-4, EN61000-6-2, EN61000-6-4, CE, FCC certified
- 48VDC (44-57VDC) redundant dual input power
- IP30, rugged & compact metal housing, fanless
- 4KV surge protection for RJ45 and PoE ports

Industrial GbE Switch

IGS-800C

8x GbE RJ45 (Compact Size)

NEW

Key Features

- EN50121-4, EN61000-6-2, EN61000-6-4, CE, FCC certified
- 12/24/48VDC (9.6-60VDC) redundant dual input power
- Low profile size, IP30, rugged metal housing, fanless
