Auto Backup Kit

[BUK1-RJ/M12/USB](#)

Auto Backup Kit for CTC Managed Switch with RJ45/M12/USB Connector

The automatic backup configuration kit - BUK1 series is designed to save, download and upload the setup configurations of CTCU managed Ethernet switches series through the RS-232 or USB console port. Easily back up or restore the Ethernet switch's system parameters and configuration by simply pressing a button on the BUK1. it is a greatly simplified design that enhances network deployment and maintenance processes, thereby reducing system downtime and costs...[\(more\)](#)

- RS232 RJ45 Type Console Connection ([BUK1-RJ](#))
- RS232 M12 Type Console Connection ([BUK1-M12](#))
- USB Type C Console Connection ([BUK1-USB](#))
- Powered by USB
- Plug & Play Operation
- Supports CTC Managed Switch for Auto Backup and Restore Configuration
