

# Environmental Sustainability Policy

CTC Union Technologies supports the objectives of the European Green Deal, including climate neutrality, sustainable industrial development, and responsible resource management. We recognize the importance of environmental sustainability in enabling the transition toward a low-carbon and resilient economy.

As a designer and manufacturer of industrial-grade and telecom-grade networking products, we are committed to incorporating environmental considerations across the full lifecycle of our products—from design and manufacturing to deployment and end-of-life management.

# Our Commitments

## Regulatory Compliance

We comply with all applicable EU environmental regulations and directives, including RoHS, REACH, and relevant energy efficiency requirements.

## Energy Efficiency & Durability

Our products are designed to deliver energy-efficient performance, high reliability, and extended service life, helping to reduce environmental impact over time.

## Sustainable Operations

We continuously improve our operational processes to minimize waste, enhance resource efficiency, and reduce carbon emissions where feasible.

## Responsible Supply Chain

We work with suppliers and partners who adhere to environmental standards and share our commitment to sustainable practices.

## Ongoing Review

We regularly review and update our environmental practices to ensure alignment with regulatory developments and industry standards.

*CTC Union Technologies is committed to fulfilling its environmental responsibilities while delivering reliable networking solutions. We will continue to refine our practices in support of sustainable industrial and telecommunications development.*
