

## Newsletter

IFSEC is the largest scale security event in Europe, gathers over 27,000 security professionals every year. **CTC Union Technologies**, a leading designer and manufacturer of telecommunications, data communications and industrial grade

networking products, is pleased to inform you that we will be attending IFSEC International in London, UK, from June 20 - June 22, 2017 (Taiwan Pavilion / Booth No. G1820).

CTC Union will have some demonstrations of new products and also provide more details about our new technologies at the show. It will include **factory automation for industry 4.0, high-speed data transmissions for intelligent traffic, Smart grid and IP Surveillance**. With a heavy focus on reliability, certifications and new standards, this proactive thinking will allow CTC Union to continue developing solutions for today and tomorrow's markets. You are welcome to stop by our booth during the trade show to meet our representatives. We will provide you with solutions and have a chance to discuss with you any of your ongoing projects. Please don't hesitate to arrange your appointment by E-mail at [sales@ctcu.com](mailto:sales@ctcu.com).

For more information please contact us soon. We look forward to meeting you at the show!

### About CTC Union

CTC Union Technologies Co. Ltd., based in Taipei, Taiwan and founded in 1993, proactively designs and manufactures telecommunications, data communications and industrial grade networking products for a global market. With technologies based on Ethernet and Optical transmissions, CTC Union can effectively meet the requirements of voice and data carriers and enterprises, as well as industrial grade Ethernet users.

With a heavy focus on reliability, certifications and new standards, this proactive thinking will allow CTC Union to continue developing solutions for today and tomorrow's markets.
